A3T Pre-Amp	£119.73
Transducer	£44.00
Battery 9v	£3.00
Fitting	£40.00
Total =	£206.73

B-Band's quality sound combined with a fast, responsive chromatic tuner. The A3T is new for 2007 but it still retains the simple and small features that are big on sound and intuitiveness. The compact preamp has a 4-band rotary EQ, low battery LED and a wide range chromatic tuner. The chromatic tuner is fast and has a range that will be welcomed buy customers that want to tune a full step down from standard- great for 12-string guitars too! The tuner will show all notes, including sharps, great for standard and open tunings.

A5T B-Band
